

URBAN 2

DISCREET EFFICIENCY.

Urban 2 puts an end to excess damp, mould and discomfort. With no need for ducting or major work, it's easy to install in your home. Every day, Urban 2 filters and breathes healthier, gentler, more breathable air. Discreet and stylish, it looks after your health and comfort... without you having to think about it.

ULTRA
SILENT

THE AIR IN YOUR HOME IS EASY TO CONTROL.

Control your indoor air at your fingertips.

From the comfort of your own home, the VMI+ app lets you keep an eye on the quality of your air. With just a few gestures, you can adjust the settings to suit you.

A breath of comfort in the palm of your hand.

A little boost? A little preheating?
The Urban 2 remote control puts you
in complete control.

It knows when your air changes.

Thanks to its remote sensors, the Urban 2 is even smarter. It detects variations in humidity, CO₂ and pollutants and automatically adjusts its operation so you breathe quality air without thinking about it.

SIMPLE INSTALLATION, FOR HEALTHIER AIR FROM DAY ONE.

Urban 2 is as discreet as it is effective: the new air is filtered, temperate then gently distributed throughout your home. The result: stale air is naturally extracted, humidity no longer stagnates and radon is eliminated.

Urban 2 can be installed without any major work or ductwork. There's no need to break anything: just drill a hole in the wall, and the system will easily find its place in your home. In just a few hours, your home will already be breathing more easily.

CLEANER AIR, SO YOU CAN BREATHE MORE EASILY AT HOME.

Thanks to its high-performance filters, the Urban 2 protects you from pollen, fine particles and even unpleasant odours. Every day, it supplies healthier, carefully filtered air, for a more breathable interior and improved comfort. Enjoy allergy-free days and peaceful nights, in purified air designed for your well-being.

SIMPLE MAINTENANCE, TO KEEP YOUR AIR HEALTHY.

Changing the filter on your Urban 2 is child's play. Designed for quick, tool-free maintenance, the filter cover opens in a single movement. Simply remove the old filter and insert the new one. In just a few minutes, your system is ready to offer you purified air, free from dust and allergens. Simple maintenance for lasting comfort.
